Main Product Overview

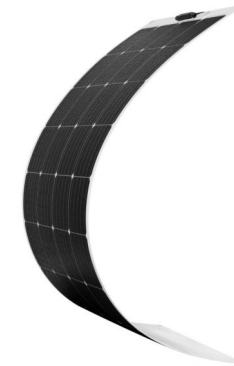

MONO

Poly

Transparent

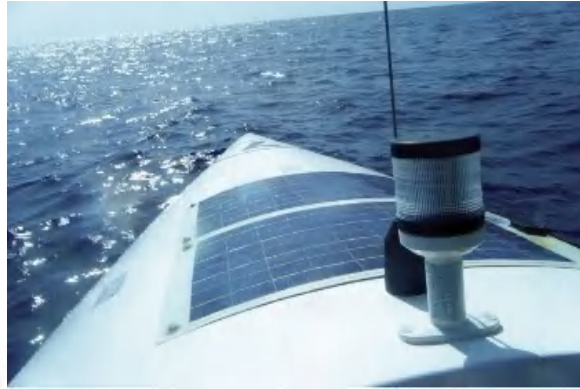

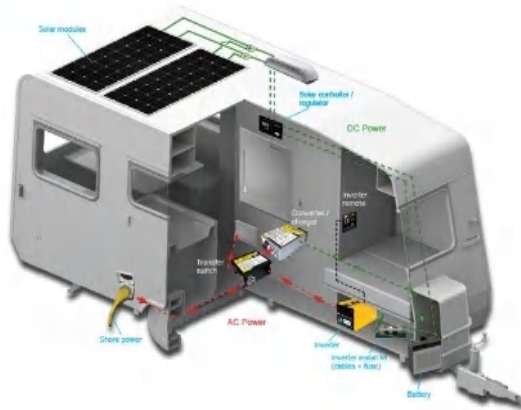

Flexible

- Mono/Poly solar modules ,High powered modules from 20W to 300W
- Positive power tolerance of 0~+5W
- Apply to various of off-grid scenarios
- Easy installation for ground, roof, building face or tracking systems
- Conform to CE/ROHS/REACH/ISO electrical and quality standards.
- Black, transparent, laminates, OEM and ODM products are also available.
